## WE ARE TERRAZZA

& We create outdoor furniture inspired by the Mediterranean tradition of enjoyment. Our designs capture the relaxed, timeless beauty of Mediterranean living, bringing that sense of pleasure and connection to your outdoor spaces.

Our story is rooted in a passion for Mediterranean traditions. We created an outdoor brand focused on high-quality, sustainable solutions made from locally sourced materials, blending craftsmanship with the essence of Mediterranean pleasure.

At Terrazza, our commitment is to provide exceptional kitchen solutions that seamlessly integrate quality, functionality, and timeless design. By fusing expert craftsmanship with sustainable practices, we strive to create kitchens that exemplify the values of authenticity, durability, and innovation.

## CRAFTMANSHIP

Passion for craftsmanship, and dedication to mastery are irreplaceable ingredients for producing high quality products. For Terrazza, craftsmanship is a form of an intimate connection to material, and hands-on knowledge that extracts the materials' potential from the core.

## DESIGN

It's all about this creative and challenging endeavour, aimed at combining different aspects of a successful product: the raw beauty of natural materials.

## OUR MISSION

To create kitchens that capture the tradition of Mediterranean enjoyment and emphasise beauty of its natural environment.

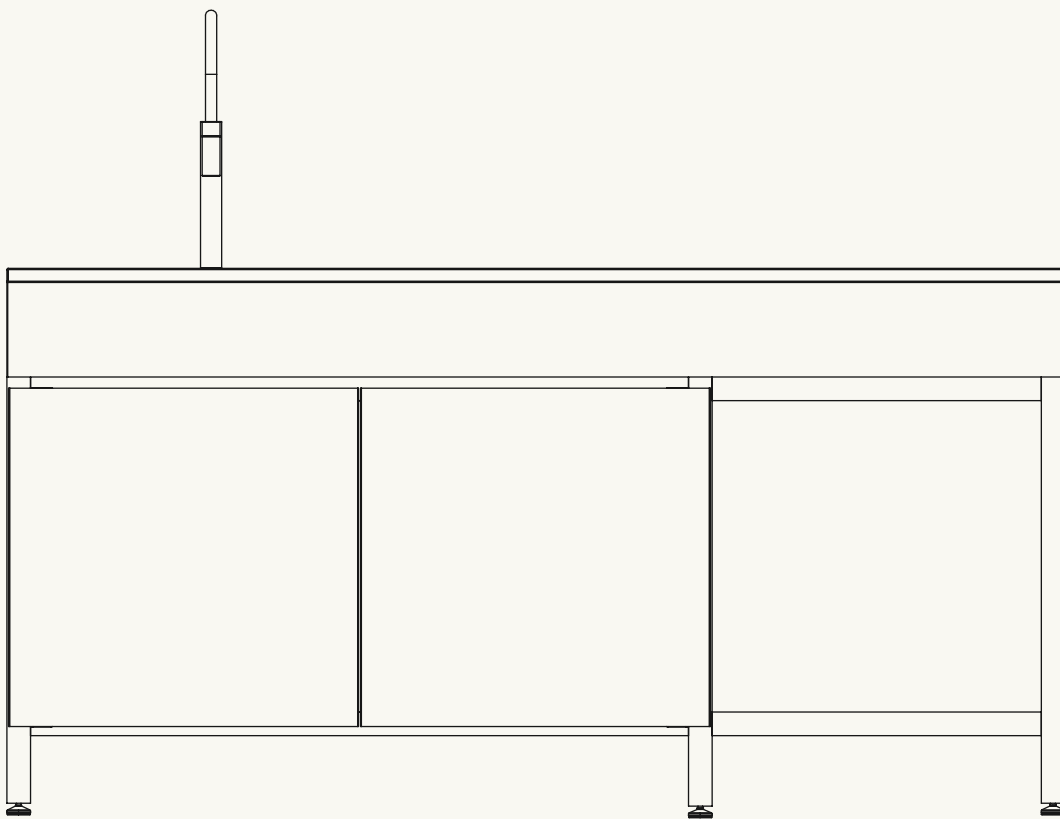

# Limoni

Constructed from durable plastic-coated metal and a brushed stainless steel worktop with wooden parts, this kitchen seamlessly blends form and function.

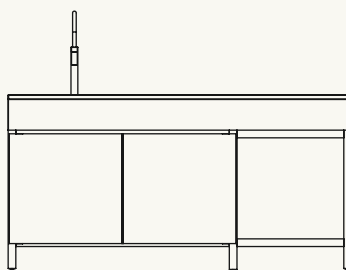

This kitchen comes in three lengths and ten colors, allowing for customization. Its metal materials ensure durability and resistance to weather, reducing replacement needs.

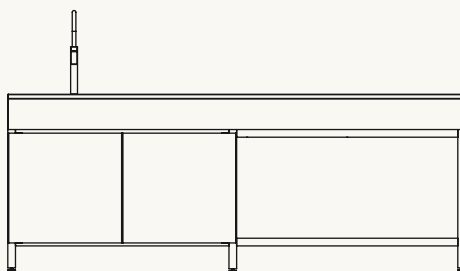

# Limoni

The LIMONI outdoor kitchen is made from powder-coated stainless steel with a brushed stainless steel worktop. It includes a built-in sink and allows for the integration of mini bar, stove top and gas grill. Available in three dimensions. Additional options include open shelving or a fully enclosed design for added protection.

## MATERIALS

Brushed stainless steel

Solid wood - Oak

## CARE & MAINTENANCE

In winter conditions, protect the kitchen with the provided cover, as direct exposure to harsh weather, including rain and prolonged sunlight, could alter the appearance of the metal elements.

### BRUSHED STAINLESS STEEL SURFACES

Clean surfaces regularly with a soft cloth, warm water and a mild detergent. Avoid harsh chemicals or abrasive cleaners to prevent scratches and damage. After cleaning, wipe the surfaces with a dry cloth to prevent water stains.

### POWDER COATED STAINLESS STEEL SURFACES

Clean surfaces regularly with a soft cloth and a neutral cleaning agent. Avoid using aggressive agents that can damage the powder coated layers.

### OAK OR METAL SHELVES

Wooden Shelves (Oak): Periodically treat them with wood oil to protect them from the effects of the weather. Avoid prolonged exposure to water and direct sunlight.

Metal Shelves: Clean them in the same way as stainless steel, with additional moisture protection to prevent corrosion.

### SEASONAL CARE

In colder months or during periods of non-use, cover the kitchen with a breathable cover to prevent moisture buildup and weather-related wear.

# Stroller

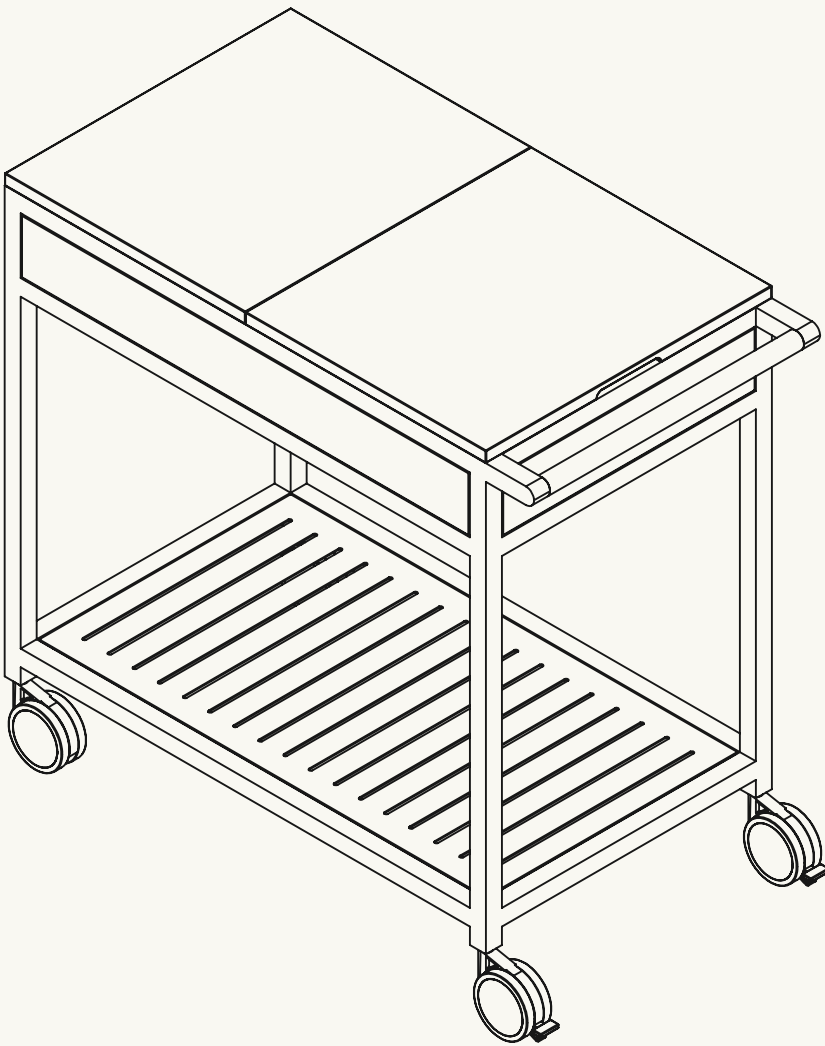

Elevate your outdoor dining experience with the Limoni outdoor kitchen stroller, a perfect blend of sleek functionality and refined design.

Part of the distinguished Limoni collection, this mobile kitchen solution constructed from high grade stainless steel with spacious preparation area, an integrated ash wood cutting surface and dedicated storage compartments for food and essentials.

Designed for effortless movement and maximum utility, the Limoni outdoor kitchen stroller transforms patios, gardens or poolside gatherings into vibrant spaces.

Selina light

Solid wood - Oak

## CARE & MAINTENANCE

The kitchen is best installed and enjoyed under a covered area, as direct exposure to harsh weather, including rain and prolonged sunlight, will alter the appearance of both oak and stone elements.

### OAK SURFACES

Wipe regularly with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can strip protective finishes. Reapply wood oil periodically to preserve and protect the oak's natural beauty.

### STONE SURFACES

Clean with mild soap and water. Avoid acidic or abrasive cleaners that could damage the surface. Seal the stone every 6-12 months to prevent staining and protect from weather exposure.

### SEASONAL CARE

In colder months or during periods of non-use, cover the kitchen with a breathable cover to prevent moisture buildup and weather-related wear.

# MILKme

Made from wood and brass, this stool evolves with time. The brass develops a rich patina, enhancing its character and deepening the connection between natural materials.

The stool is a traditional object that has deep roots in the local culture and way of life. This wooden chair, often handmade, is characterized by a functional design.

Stools were traditionally used in households, especially during family gatherings, where people met for meals or conversations. They symbolize togetherness and hospitality, often being passed down from generation to generation.

The use of MILKme in everyday life reminds us of the values of togetherness and simplicity, key aspects of the Mediterranean way of life.

# MILKme

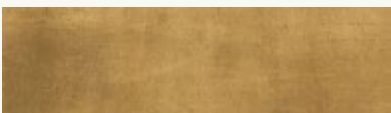

---

Height 38 cm, area of the sitting part 52 cm x 33 cm

The Milk Stool features brass details on its legs and a wide seating area for comfort. It can be used as a seat or a café stool for holding items, making it versatile for any space. Additionally, the hole in the center allows for easy stacking when not in use.

---

#### MATERIALS

Brass

Solid wood - Oak

#### CARE & MAINTENANCE

Dust with a soft, dry cloth to remove dirt and debris. Avoid harsh chemicals. Keep your stool out of direct sunlight to prevent fading of the wood and tarnishing of the brass. Clean brass with a soft cloth and a brass cleaner to maintain its shine. Avoid using abrasive materials that could scratch the surface.

# Studio Ru:t

Studio RU:T is a multidisciplinary design studio founded by Tvrtko Bojić and Karla Paliska specializing in product design, visual communications, spatial concepts and on-site interventions. In their work, they focus on practical and sustainable solutions as well as experiments that question the concept of living.
